

# THE SOLUTION IS THE SOLUTION

## Patented Formula

**AquaMax LITE** is simple and convenient with variable mixing ratios for any manual application.

- Designed to thoroughly clean all water based/waterborne coatings
- Blend of solvents and detergents, when mixed with water, will not separate
- Eliminates the need for multi-step cleaning procedures
- Use it with any competitor's manual gun cleaning equipment
- Reduces cleaning effort
- No settling, no re-stirring
- Increased productivity
- Multi-purpose
- Can be coagulated easily
- Available Pressure Pump Bottle

**Mix one (1) quart of concentrate with 10 liter or 20 liter of tap water. Shake or stir to thoroughly mix.**
